## ABOUT IIUM

The International Islamic University Malaysia (IIUM) was established in 1983 from co-sponsorship of Malaysia and a number of Muslim countries. IIUM has ever since been distinct in its efforts to provide academic excellence nourished with moral values and virtues. Holding true to its vision statement, the university strives to serve the best to produce comprehensive graduates, imbued with high potentials and optimistic nature, yet nurtured with moderation. The Kulliyah of Engineering was established in 1994, and is currently offering Bachelors, Masters and PhD programmes in Aerospace, Automotive, Biotechnology, Civil, Communication, Computer and Information, Mechatronics, Manufacturing, and Materials engineering.

## CONFERENCE VENUE & ACCOMMODATION

ICBioE 2018 will take place in Kuala Lumpur. The exact venue of the conference will be announced later.

## CALL FOR PAPERS

5<sup>th</sup> International Conference on Biotechnology Engineering  
2018 (ICBioE'18)

## HARNESSING INNOVATION FOR SUSTAINABLE BIOECONOMY

Wednesday, 19 – 20 Sept 2018  
Kuala Lumpur, Malaysia

## INTRODUCTION

The challenges of feeding the phenomenally growing world population, finite resources, mitigating climate change, and encouraging innovation require a common effort from stakeholders such as, researchers, academics, technopreneurs, policymakers, decision makers, and captains of industry. Through collaboration and networking, they must find solutions which are sustainable in the long term through development and application of sustainable and innovative biotechnology principles for sustainable global peace, prosperity, and improved quality of life. To facilitate keeping pace with the rapid global demand and biotechnological innovation the Faculty of Engineering at the International Islamic University Malaysia is organizing the 3<sup>rd</sup> International Conference on Biotechnology (ICBIOE 2018) in Kuala Lumpur. The forum will also provide a platform for entrepreneurs to seek partnership with scientists, engineers and technocrats etc. to commercialize their invention and product to meet the demands of a globalized world.

## CONFERENCE TOPICS

Agricultural and natural biotechnology products  
Biocatalysis  
Biochemical Engineering  
Bioenvironmental engineering  
Bioinformatics and computer applications in biotechnology  
Biomass and Bio-energy  
Biomaterials  
Biomedical sciences and engineering  
Biomolecular engineering  
Biopharmaceutical engineering  
Bioprocess engineering  
Biorefineries  
Biosensor and Biomechatronics  
Biotechnology applications in medicine and health  
Ethical issues in biotechnology  
Food and process engineering  
Green chemistry  
Metabolic engineering  
Nanotechnology  
Omics technology

## IMPORTANT DATES

Abstract Submission	15 <sup>th</sup> February 2018
Abstract Acceptance	15 <sup>th</sup> April 2018
Paper Submission	1 <sup>st</sup> May 2018
Paper Acceptance	1 <sup>st</sup> June 2018
Submission for Camera-Ready Manuscripts	1 <sup>st</sup> July 2018
Early Registration Deadline	1 <sup>st</sup> August 2018
Normal Registration Deadline	1 <sup>st</sup> September 2018
