Profile

Currently he is an academic fellow at the Kulliyah of Architecture and Environmental Design (KAED), International Islamic University Malaysia. Prior to joining the academic world in 2004, he was working in the construction industry since 1982. He has experienced varied roles from working in a government statutory body setting, then moving to a developer environment, into consultancy, then into a contracting and trading outfit.

Currently he teaches Construction Technology, Construction Estimating, Building Works Measurement, Civil Works Measurement and Construction Business. He is also involved in research works either as principal or co-researcher. He is also actively involved in consultancy works within the university.

He is a registered Quantity Surveyor with the Board of Quantity Surveyors Malaysia since 1988, registered member of the Royal Institution of Surveyors Malaysia and Royal Institution of Chartered Surveyors (UK).
