Profile

On July 2002, she started her career in academics at the Kulliyah of Architecture and Environmental Design (KAED), International Islamic University Malaysia (IIUM). After twelve years of service in IIUM, she is currently holding the position of Assistant Professor since November 2011.

She has taught several courses such as Principles of Measurement for Building Works, Principles of Estimating for Building Works, Construction Business and Research Method for the Built Environment, among others. She has also supervised a number of postgraduate and undergraduate students of various research topics but mostly related to her research interests that are Human Resource Management, Organisational Behaviour and Ethics in construction.

She has held administrative and academic leadership positions including Member of Examination Committee, Academic Advisor, Practical Training Coordinator and Internal Reviewer for the Bachelor of Quantity Surveying Program. She is currently the Head of Quantity Surveying Department.
