Profile

Currently is a senior lecturer at the Department of Quantity Surveying, Kulliyah of Architecture and Environmental Design (KAED), International Islamic University Malaysia (IIUM).

She was a Graduate Teaching Assistant (GTA) at the University of Salford, UK for 3 years and was involved with teaching and tutoring undergraduate Quantity Surveying (QS) students; as well as Higher National Degree (HND) QS students. Upon completion of her PhD, she resumed back duty at IIUM in the year 2010; and has been teaching undergraduate QS courses such as Measurement, Research Methodology, and Construction Economics.

She has published quite a few articles in journals as well as in conferences proceedings. Currently, she is involved with a collaboration research with the Construction Industry Development Board (CIDB) on Green Construction which is to kick-start in July 2015.
