**Profile**

Dr. Siti Nora Haryati Binti Abdullah Habib was born in Pahang, Malaysia and started her career as a tutor in the Department of Quantity Surveying, IIUM in 2006. She obtained her Bachelor of Quantity Surveying (Hons) in 2006 and Master of Science (Built Environment) in 2010 from IIUM. Afterwards, she obtained her PhD in Built Environment from University of Salford, UK in 2017. Currently, she is an Assistant Professor in the Department of Quantity Surveying. Initially, she taught core quantity surveying subjects related to measurement, costing and contract administration. Later, she developed interests in several areas of construction procurement and project delivery system such as contractual aspect of Building Information Modelling, Dispute Resolution, Public-private Partnerships, Shari'ah Compliant Construction Procurement and Private Finance Initiative. She has presented several research papers in national and international conferences and have published some journals and book chapters.
