

SAF for All: RRI Link and Relevance

By:

Prof. Dr. Ahmad Hafiz Zulkifly
Deputy Rector (Responsible Research & Innovation)

5 Feb 2021

LEADING THE WAY
KHALĪFAH • AMĀNAH • IQRA' • RAḤMATAN LIL-ĀLAMĪN

Objectives of RRI

- “Engage in research and innovation relevant to Maqāṣid Sharī‘ah and Sustainable Development Goals (SDGs) aimed at mercy for all (Raḥmatan li’l- ‘Ālamin)” – **SAF Educational Goal**

Benefits of RRI

- Updated knowledge from continuous research findings
- Increased awareness, knowledge, skills and attitudes on responsible research and innovation and how to contribute in achieving Rahmatan Lil Alamin.
- Ensure valuable and sustainable contribution in the society, for the society, to the society, with the society following the Maqasid Shariah
- Creating lifelong researcher with their area of expertise in order to continuously share their new, updated and cutting-edge research.
- Ensure research & innovation delivers a future with inclusive, safe, healthy and sustainable

What needs to be done?

- A better planning and execution on the research and innovation programmes and activities so they are more geared towards providing positive impact on society and environment.
- Developing research leaders in terms of skills and competency, and instill them with sejahtera values.
- Involvement of all parties in providing researchers and innovators with adequate support: pre, during, and post research

Way forward

- Presentation and approval of the IIUM Responsible Research and Innovation Framework
- Communication of IRRI Framework to all KCDIOM
- All RRI stakeholders and support agencies need to prepare their strategic plan to improve their contribution in RRI based on the IRRI Framework.
- Specific strategies need to be devised on how to ensure academic perform their RRI duties and use their research findings in classrooms.

THANK YOU
