

INTERNATIONAL ISLAMIC UNIVERSITY MALAYSIA

PROPOSAL ON REVISION OF RESEARCH FEE FOR BENCH FEE ALLOCATION TO KULLIYYAH

1.0 OBJECTIVE

To seek the University Management Committee approval on the revision of research fee for bench fee allocation to Kulliyyah.

2.0 BACKGROUND

During the University Committee for Postgraduate Studies (UCPS) meeting No1/2016, the member has highlighted the need for bench fee from the research fees paid by the Postgraduate students for the science and health-based Kulliyyah in Kuantan campus. Besides, there is also the need for the bench fees from the Kulliyyah of Engineering in Gombak campus.

The bench fee is defined as a fee charged to cover specific extra costs associated with laboratory or field work which is part of a doctoral or masters dissertation. The bench fee will be allocated to the Kulliyyah for the purposes to cover facilities such as basic consumables, equipment purchase, hire and maintenance, computing hardware and software.

Based on the discussion from the meeting, the members agreed for the fees to be revised and at least 30% from the research fee rate to be allocated as the bench fees to the kulliyyah.

3.0 PROPOSAL

- 3.1 For the allocation of the bench fees, the University has to revise the current research fees to ensure the current income for the University will not be affected.
- 3.2 However, the revised fees need to be comparable with other public University fees as well. Therefore, the revised research fee for Postgraduate students will be proposed as follows:

3.2.1 Postgraduate International Students- Master & PhD programmes

COMPARISON OF PROPOSED RESEARCH FEE PER SEMESTER FOR MASTER PROGRAMME

		INTERNATIONAL STUDENT
